**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
**(unaudited)**

**Note 1: Organization**

Park Hotels & Resorts Inc. (“we,” “us,” “our” or the “Company” and, exclusive of any subsidiaries, “Park Parent”) is a Delaware corporation that owns a portfolio of premium-branded hotels and resorts primarily located in prime city center and resort locations. On January 3, 2017, Hilton Worldwide Holdings Inc. (“Hilton”) completed the spin-off of a portfolio of hotels and resorts that established Park Hotels & Resorts Inc. as an independent, publicly traded company.

On May 5, 2019, the Company, PK Domestic Property LLC, an indirect subsidiary of the Company (“PK Domestic”), and PK Domestic Sub LLC, a wholly-owned subsidiary of PK Domestic (“Merger Sub”) entered into a definitive Agreement and Plan of Merger (the “Merger Agreement”) with Chesapeake Lodging Trust (“Chesapeake”). On September 18, 2019, pursuant to the terms and subject to the conditions set forth in the Merger Agreement, Chesapeake merged with and into Merger Sub (the “Merger”) and each of Chesapeake’s common shares of beneficial interest, \$0.01 par value per share, was converted into \$11.00 in cash and 0.628 of a share of our common stock. No fractional shares of our common stock were issued in the Merger. The value of any fractional interests to which a Chesapeake shareholder would otherwise have been entitled was paid in cash.

We are a real estate investment trust (“REIT”) for United States (“U.S.”) federal income tax purposes. We have been organized and operated, and we expect to continue to be organized and operate, in a manner to qualify as a REIT. To qualify as a REIT, we must satisfy requirements related to, among other things, the real estate qualification of sources of our income, the real estate composition and values of our assets, the amounts we distribute to our stockholders annually and the diversity of ownership of our stock. From the date of our spin-off from Hilton, Park Intermediate Holdings LLC (our “Operating Company”), directly or indirectly, has held all our assets and has conducted all of our operations. Park Parent owned 100% of the interests of our Operating Company until December 31, 2021 when the business undertook an internal reorganization transitioning our structure to a traditional umbrella partnership REIT (“UPREIT”) structure. Effective January 1, 2022, Park Parent became the managing member of our Operating Company and PK Domestic REIT Inc., a direct subsidiary of Park Parent, became a member of our Operating Company. We may, in the future, issue interests in (or from) our Operating Company in connection with acquiring hotels, financings, issuance of equity compensation or other purposes.

**Note 2: Basis of Presentation and Summary of Significant Accounting Policies**

**Basis of Presentation**

*Principles of Consolidation*

The unaudited condensed consolidated financial statements reflect our financial position, results of operations and cash flows, in conformity with U.S. generally accepted accounting principles (“U.S. GAAP”). We have condensed or omitted certain information and footnote disclosures normally included in financial statements presented in accordance with U.S. GAAP. In our opinion, the accompanying unaudited condensed consolidated financial statements reflect all adjustments, including normal recurring items, considered necessary for a fair presentation of the interim periods. All significant intercompany transactions and balances within the financial statements have been eliminated.

These financial statements should be read in conjunction with the audited consolidated financial statements and notes thereto for the year ended December 31, 2023 included in our Annual Report on Form 10-K, filed with the Securities and Exchange Commission (“SEC”) on February 28, 2024.

*Use of Estimates*

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Interim results are not necessarily indicative of full year performance.

**Reclassifications**

Certain line items on the condensed consolidated statements of operations for the three months ended March 31, 2023 have been reclassified to conform to the current period presentation.

**Summary of Significant Accounting Policies**

Our Annual Report on Form 10-K for the year ended December 31, 2023, filed with the SEC on February 28, 2024, contains a discussion of significant accounting policies. There have been no significant changes to our significant accounting policies since December 31, 2023.

**Note 3: Acquisitions and Dispositions****Acquisitions**

In March 2023, we acquired two parcels of land, adjacent to the Hilton Hawaiian Village Waikiki Beach Resort, for a purchase price of approximately \$18 million, including transaction costs. We accounted for the purchase as an acquisition of an asset, and the entire purchase price was allocated to land.

**Dispositions**

In February 2023, we sold the Hilton Miami Airport hotel for gross proceeds of \$118.25 million. We recognized a net gain of approximately \$15 million, which is included in *gain on sale of assets, net* in our condensed consolidated statements of operations.

**Note 4: Property and Equipment**

Property and equipment were:

	<u>March 31, 2024</u>	<u>December 31, 2023</u>
	(in millions)	
Land	\$ 2,995	\$ 2,990
Buildings and leasehold improvements	5,872	5,814
Furniture and equipment	995	947

	<u>10,126</u>	<u>10,092</u>
Accumulated depreciation	(2,685)	(2,633)
	<u>\$ 7,441</u>	<u>\$ 7,459</u>

Depreciation of property and equipment was \$65 million and \$64 million during the three months ended March 31, 2024 and 2023, respectively.

During the three months ended March 31, 2024, we recognized an impairment loss of approximately \$5 million related to one of our hotels subject to a ground lease and our inability to recover the carrying value of the asset over the remaining lease term. Refer to Note 7: "Fair Value Measurements" for additional information.

**Note 5: Consolidated Variable Interest Entities ("VIEs") and Investments in Affiliates****Consolidated VIEs**

We consolidate VIEs that own three hotels in the U.S. We are the primary beneficiary of these VIEs as we have the power to direct the activities that most significantly affect their economic performance. Additionally, we have the obligation to absorb their losses and the right to receive benefits that could be significant to them. The assets of our VIEs

[Table of Contents](#)

are only available to settle the obligations of these entities. Our condensed consolidated balance sheets include the following assets and liabilities of these entities:

	<u>March 31, 2024</u>	<u>December 31, 2023</u>
	(in millions)	
Property and equipment, net	\$ 207	\$ 209
Cash and cash equivalents	15	17

Accounts receivable, net	4	5
Prepaid expenses	2	3
Debt	202	202
Accounts payable and accrued expenses	10	11
Due to hotel manager	1	2
Other liabilities	4	3

**Unconsolidated Entities**

Four of our hotels are owned by unconsolidated joint ventures in which we hold an interest. These hotels are accounted for using the equity method and had total debt of approximately \$702 million as of both March 31, 2024 and December 31, 2023. Substantially all the debt is secured solely by the affiliates' assets or is guaranteed by other partners without recourse to us.

**Note 6: Debt**

<sup>(1)</sup> In October 2016, we entered into a \$1.275 billion CMBS loan secured by the Hilton Hawaiian Village Waikiki Beach Resort ("HHV Mortgage Loan").

<sup>(2)</sup> Assumes the exercise of all extensions that are exercisable solely at our option. The mortgage loan for Hilton Denver City Center matures in 2042 but became callable by the lender in August 2022 with six months of notice. As of March 31, 2024, Park had not received notice from the lender.

<sup>(3)</sup> Our revolving credit facility ("Revolver") permits one or more standby letters of credit, up to a maximum aggregate outstanding balance of \$50 million, to be issued on behalf of us. As of March 31, 2024, we had approximately \$4 million outstanding on a standby letter of credit and \$946 million of available capacity under our Revolver.

<sup>(4)</sup> SOFR includes a credit spread adjustment of 0.1%.

- (5) In May and September 2020, our Operating Company, PK Domestic and PK Finance Co-Issuer Inc. ("PK Finance") issued an aggregate of \$650 million of senior notes due 2025 ("2025 Senior Notes") and an aggregate of \$725 million of senior notes due 2028 ("2028 Senior Notes"), respectively. Additionally, in May 2021, our Operating Company, PK Domestic and PK Finance issued an aggregate of \$750 million of senior notes due 2029 ("2029 Senior Notes").

### Debt Maturities

The contractual maturities of our debt, assuming the exercise of all extensions that are exercisable solely at our option, as of March 31, 2024 were:

Year	(in millions)
2024 <sup>(1)</sup>	\$ 60
2025	657
2026	1,563
2027	30
2028	725
Thereafter <sup>(2)</sup>	750
	<u>\$ 3,785</u>

(1) Excludes the \$725 million non-recourse CMBS loan ("SF Mortgage Loan") secured by two of our San Francisco hotels – the 1,921-room Hilton San Francisco Union Square and the 1,024-room Parc 55 San Francisco – a Hilton Hotel (collectively, the "Hilton San Francisco Hotels").

(2) Assumes the exercise of all extensions that are exercisable solely at our option.

### Debt Associated with Hotels in Receivership

In June 2023, we ceased making debt service payments towards the SF Mortgage Loan secured by the Hilton San Francisco Hotels, which was due November 2023, and we received a notice of default from the servicer. The stated rate on the loan is 4.11%; however, beginning June 1, 2023, the default interest rate on the loan is 7.11%. Additionally, beginning June 1, 2023, the loan accrues a monthly late payment administrative fee of 3% of the monthly amount due. In October 2023, the trustee for the SF Mortgage Loan filed a lawsuit against the borrowers under the SF Mortgage Loan. In connection with the lawsuit, the court appointed a receiver to take control of the Hilton San Francisco Hotels, which serve as security for the SF Mortgage Loan, and their operations, and thus, we have no further economic interest in the operations of the hotels. The receiver will operate and has authority over the hotels and, until no later than November 1, 2024, has the ability to sell the hotels. The court order contemplates that the receivership will end with a non-judicial foreclosure by December 2, 2024, if the hotels are not sold within the predetermined sale period.

We derecognized the Hilton San Francisco Hotels from our consolidated balance sheet in October 2023 when the receiver took control of the hotels. For the three months ended March 31, 2024, we recognized a gain of \$14 million, which is included in *gain on derecognition of assets* in our condensed consolidated statements of operations. The gain represents the accrued interest expense associated with the default of the SF Mortgage Loan, which results in a corresponding increase of the *contract asset* on our condensed consolidated balance sheets as we expect to be released from this obligation upon final resolution with the lender on the SF Mortgage Loan, in exchange for the transfer of ownership of the Hilton San Francisco Hotels. As of March 31, 2024 and December 31, 2023, the *contract asset* on our condensed consolidated balance sheets was \$774 million and \$760 million, respectively. The SF Mortgage Loan will remain a liability until final resolution with the lender is concluded and is included in *debt associated with hotels in receivership* on our condensed consolidated balance sheets.

**Note 7: Fair Value Measurements**

We did not elect the fair value measurement option for our financial assets or liabilities. The fair values of our other financial instruments not included in the table below are estimated to be equal to their carrying amounts.

The fair value of our debt and the hierarchy level we used to estimate fair values are shown below:

Hierarchy Level	March 31, 2024		December 31, 2023		
	Carrying Amount	Fair Value	Carrying Amount	Fair Value	
(in millions)					
<b>Liabilities:</b>					
HHV Mortgage Loan	3	\$ 1,275	\$ 1,192	\$ 1,275	\$ 1,195
Other mortgage loans	3	384	361	385	365
2025 Senior Notes	1	650	652	650	652
2028 Senior Notes	1	725	712	725	713
2029 Senior Notes	1	750	699	750	702

The fair value of the SF Mortgage Loan, which has a carrying value of \$725 million as of both March 31, 2024 and December 31, 2023 and categorized as Level 3 of the fair value hierarchy, was \$718 million as of both March 31, 2024 and December 31, 2023. Refer to Note 6: "Debt" for additional information.

During the three months ended March 31, 2024, we recognized an impairment loss related to one of our hotels due to our inability to recover the carrying value of the asset. The estimated fair value of the asset that was measured on a nonrecurring basis was:

	March 31, 2024	
	Fair Value	Impairment Loss
(in millions)		
Property and equipment <sup>(1)</sup>	\$ —	\$ 5
Total	\$ —	\$ 5

<sup>(1)</sup> Fair value as of March 31, 2024 was determined to be zero as the hotel is subject to a ground lease and is not expected to produce positive cash flows over the remaining lease term.

**Note 8: Share-Based Compensation**

We issue equity-based awards to our employees pursuant to the 2017 Omnibus Incentive Plan (the "2017 Employee Plan") and our non-employee directors pursuant to the 2017 Stock Plan for Non-Employee Directors (the "2017 Director Plan"), both of which are amended and restated from time to time. The 2017 Employee Plan provides that a maximum of 14,070,000 shares of our common stock may be issued, and as of March 31, 2024, 6,423,353 shares of common stock remain available for future issuance. The 2017 Director Plan provides that a maximum of 950,000 shares of our common stock may be issued, and as of March 31, 2024, 244,343 shares of common stock remain available for future issuance. For both the three months ended March 31, 2024 and 2023, we recognized \$4 million of share-based compensation expense. As of March 31, 2024, unrecognized compensation expense was \$33 million, which is expected to be recognized over a weighted-average period of 1.9 years. The total fair value of shares vested (calculated as the number of shares multiplied by the vesting date share price) for the three months ended March 31, 2024 and 2023 was \$12 million and \$6 million, respectively.

## Restricted Stock Awards

Restricted Stock Awards (“RSAs”) generally vest in annual installments between one and three years from each grant date. The following table provides a summary of RSAs for the three months ended March 31, 2024:

	Number of Shares	Weighted-Average Grant Date Fair Value
Unvested at January 1, 2024	982,585	\$ 15.40
Granted	517,222	16.26
Vested	(420,499)	16.73
Forfeited	(20,375)	15.63
Unvested at March 31, 2024	<u>1,058,933</u>	<u>\$ 15.28</u>

## Performance Stock Units

Performance Stock Units (“PSUs”) generally vest at the end of a three-year performance period and are subject to the achievement of a market condition based on a measure of our total shareholder return relative to the total shareholder return of the companies that comprise the FTSE Nareit Lodging Resorts Index (that have a market capitalization in excess of \$1 billion as of the first day of the applicable performance period). The number of PSUs that may become vested ranges from zero to 200% of the number of PSUs granted to an employee, based on the level of achievement of the foregoing performance measure.

Additionally, in November 2020, we granted special awards with vesting of these awards subject to the achievement of eight increasing levels of our average closing sales price per share, from \$11.00 to \$25.00, over a consecutive 20 trading day period (“Share Price Target”). One-eighth of PSUs will vest at each date a Share Price Target is achieved and any PSUs remaining after a four-year performance period will be forfeited. As of March 31, 2024, six of the eight Share Price Targets were achieved and thus 75% of the awards granted were vested.

The following table provides a summary of PSUs for the three months ended March 31, 2024:

	Number of Shares	Weighted-Average Grant Date Fair Value
Unvested at January 1, 2024	1,527,576	\$ 19.72
Granted	590,483	17.75
Vested	(337,283)	26.99
Forfeited	(5,531)	19.63
Unvested at March 31, 2024	<u>1,775,245</u>	<u>\$ 17.69</u>

The grant date fair values of the awards that are subject to the achievement of market conditions based on total shareholder return were determined using a Monte Carlo simulation valuation model with the following assumptions:

Expected volatility	36.0 %
Dividend yield <sup>(1)</sup>	—
Risk-free rate	4.5 %
Expected term	3 years

<sup>(1)</sup> Dividends are assumed to be reinvested in shares of our common stock and dividends will not be paid unless shares vest.

**Note 9: Earnings Per Share**

The following table presents the calculation of basic and diluted earnings per share (“EPS”):

	Three Months Ended March 31,	
	2024	2023
(in millions, except per share amounts)		
<b>Numerator:</b>		
Net income attributable to stockholders, net of earnings allocated to participating securities	\$ 28	\$ 33
<b>Denominator:</b>		
Weighted average shares outstanding – basic	209	220
Unvested restricted shares	2	1
Weighted average shares outstanding – diluted	211	221
Earnings per share – Basic <sup>(1)</sup>	\$ 0.13	\$ 0.15
Earnings per share – Diluted <sup>(1)</sup>	\$ 0.13	\$ 0.15

<sup>(1)</sup> Per share amounts are calculated based on unrounded numbers.

Certain of our outstanding equity awards were excluded from the above calculation of EPS for the three months ended March 31, 2024 and 2023 because their effect would have been anti-dilutive.

**Note 10: Business Segment Information**

As of March 31, 2024, we have two operating segments, our consolidated hotels and unconsolidated hotels. Our unconsolidated hotels operating segment does not meet the definition of a reportable segment, thus our consolidated hotels is our only reportable segment. We evaluate our consolidated hotels primarily based on hotel adjusted earnings before interest expense, taxes and depreciation and amortization (“EBITDA”). Hotel Adjusted EBITDA, presented herein, is calculated as EBITDA from hotel operations, adjusted to exclude the following items that are not reflective of our ongoing operating performance or incurred in the normal course of business, and thus excluded from management's analysis in making day to day operating decisions and evaluations of our operating performance against other companies within our industry:

- Gains or losses on sales of assets for both consolidated and unconsolidated investments;
- Costs associated with hotel acquisitions or dispositions expensed during the period;
- Severance expense;
- Share-based compensation expense;
- Impairment losses and casualty gains or losses; and
- Other items that we believe are not representative of our current or future operating performance.

**Note 11: Commitments and Contingencies**

As of March 31, 2024, we had outstanding commitments under third-party contracts of approximately \$91 million for capital expenditures at our properties. Our contracts contain clauses that allow us to cancel all or some portion of the work. If cancellation of a contract occurred, our commitment would be any costs incurred up to the cancellation date, in addition to any costs associated with the discharge of the contract.

We are involved in litigation arising from the normal course of business, some of which includes claims for substantial sums, and may make certain indemnifications or guarantees to select buyers of our hotels as part of a sale process. We are also involved in claims and litigation that is not in the ordinary course of business in connection with the spin-off from Hilton. The spin-off agreements provide that Hilton will indemnify us from certain of these claims as well as require us to indemnify Hilton for other claims. In addition, losses related to certain contingent liabilities could be apportioned to us under the spin-off agreements. In connection with our obligation to indemnify Hilton under the spin-off agreements, we have reserved approximately \$8 million as of March 31, 2024 related to litigation with respect to an audit by the Australian Tax Office (“ATO”) of Hilton related to the sale of the Hilton Sydney in June 2015. This amount could change as the litigation of the ATO’s claim progresses.

## **Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations.**

*The following discussion and analysis of the financial condition and results of operations of Park Hotels & Resorts Inc. (“we,” “us,” “our” or the “Company”) should be read in conjunction with the accompanying unaudited condensed consolidated financial statements, related notes included elsewhere in this Quarterly Report on Form 10-Q, and with our Annual Report on Form 10-K for the year ended December 31, 2023.*

### **Forward-Looking Statements**

This Quarterly Report on Form 10-Q contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (“Securities Act”), and Section 21E of the Securities Exchange Act of 1934, as amended (“Exchange Act”). Forward-looking statements include, but are not limited to, statements related to the effects of our decision to cease payments on the \$725 million non-recourse CMBS loan (“SF Mortgage Loan”) secured by two of our San Francisco hotels – the 1,921-room Hilton San Francisco Union Square and the 1,024-room Parc 55 San Francisco – a Hilton Hotel (collectively, the “Hilton San Francisco Hotels”) and the lender’s exercise of its remedies, including placing such hotels into receivership, as well as our current expectations regarding the performance of our business, our financial results, our liquidity and capital resources, including anticipated repayment of certain of our indebtedness, the completion of capital allocation priorities, the expected repurchase of our stock, the impact from macroeconomic factors (including inflation, elevated interest rates, potential economic slowdown or a recession and geopolitical conflicts), the effects of competition, the effects of future legislation or regulations, the expected completion of anticipated dispositions, the declaration, payment and any change in amounts of future dividends and other non-historical statements. Forward-looking statements include all statements that are not historical facts, and in some cases, can be identified by the use of forward-looking terminology such as the words “outlook,” “believes,” “expects,” “potential,” “continues,” “may,” “will,” “should,” “could,” “seeks,” “projects,” “predicts,” “intends,” “plans,” “estimates,” “anticipates,” “hopes” or the negative version of these words or other comparable words. You should not rely on forward-looking statements since they involve known and unknown risks, uncertainties and other factors which are, in some cases, beyond our control and which could materially affect our results of operations, financial condition, cash flows, performance or future achievements or events.

All such forward-looking statements are based on current expectations of management and therefore involve estimates and assumptions that are subject to risks, uncertainties and other factors that could cause actual results to differ materially from the results expressed in these forward-looking statements. You should not put undue reliance on any forward-looking statements and we urge investors to carefully review the disclosures we make concerning risks and uncertainties in Item 1A: “Risk Factors” in our Annual Report on Form 10-K for the year ended December 31, 2023, as such factors may be updated from time to time in our periodic filings with the SEC, which are accessible on the SEC’s website at [www.sec.gov](http://www.sec.gov), as well as risks, uncertainties and other factors discussed in this Quarterly Report on Form 10-Q. Except as required by law, we undertake no obligation to update or revise publicly any forward-looking statements, whether as a result of new information, future events or otherwise.

### **Overview**

We have a diverse portfolio of iconic and market-leading hotels and resorts with significant underlying real estate value. We currently have interests in 43 hotels, consisting of premium-branded hotels and resorts with over 26,000 rooms, of which over 86% are luxury and upper upscale (as defined by Smith Travel Research) and are located in prime U.S. markets and its territories. Our high-quality portfolio currently includes hotels mostly in major urban and convention areas, such as New York City, Washington, D.C., Chicago, Boston, New Orleans and Denver; and premier resorts in key leisure destinations, including Hawaii, Orlando, Key West and Miami Beach; as well as hotels in select airport and suburban locations.

Our objective is to be the preeminent lodging real estate investment trust (“REIT”), focused on consistently delivering superior, risk-adjusted returns to stockholders through active asset management and a thoughtful external growth strategy while maintaining a strong and flexible balance sheet. As a pure-play real estate company with direct access to capital and independent financial resources, we believe our enhanced ability to implement compelling return on investment initiatives within our portfolio represents a significant embedded growth opportunity. Finally, given our scale and investment expertise, we believe we will be able to successfully execute single-asset and portfolio acquisitions and dispositions to further enhance the value and diversification of our assets throughout the lodging cycle, including potentially taking advantage of the economies of scale that could come from consolidation in the lodging REIT industry.

We operate our business through two operating segments, our consolidated hotels and unconsolidated hotels. Our consolidated hotels operating segment is our only reportable segment. Refer to Note 10: “Business Segment Information”

in our unaudited condensed consolidated financial statements included elsewhere within this Quarterly Report on Form 10-Q for additional information regarding our operating segments.

### ***Outlook***

Economic disruptions, including as a result of supply chain disruptions, elevated interest rates and elevated rates of inflation may adversely affect our business. Inflationary concerns can affect both consumer sentiment and demand for travel, as well as increase labor or other costs to maintain or operate hotels that cannot be reduced without adversely affecting business growth or hotel value. However, we have relied on the performance of our hotels and active asset management to mitigate the effects of inflation, which is expected to continue to stabilize, and current macroeconomic uncertainty. During the first quarter of 2024, we continued to experience improvements in overall demand across our portfolio, although average daily rate ("ADR") growth has slowed as the industry recovery has stabilized and seasonal patterns have normalized. While there can be no assurances that we will not experience further fluctuations in hotel revenues or earnings at our hotels due to inflation and other macroeconomic factors, local economic factors and demand, a potential economic slowdown or a recession and geopolitical conflicts, we expect the positive momentum to continue for the remainder of 2024 based on current demand trends, expected increases in city-wide events and as demand from international travel continues to improve.

### **Key Business Metrics Used by Management**

#### ***Occupancy***

Occupancy represents the total number of room nights sold divided by the total number of room nights available at a hotel or group of hotels. Occupancy measures the utilization of our hotels' available capacity. We use occupancy to gauge demand at a specific hotel or group of hotels in a given period. Occupancy levels also help us determine achievable ADR levels as demand for rooms increases or decreases.

#### ***Average Daily Rate***

ADR represents rooms revenue divided by total number of room nights sold in a given period. ADR measures average room price attained by a hotel and ADR trends provide useful information concerning the pricing environment and the nature of the customer base of a hotel or group of hotels. ADR is a commonly used performance measure in the hotel industry, and we use ADR to assess pricing levels that we are able to generate by type of customer, as changes in rates have a more pronounced effect on overall revenues and incremental profitability than changes in occupancy, as described above.

#### ***Revenue per Available Room***

Revenue per available room ("RevPAR") represents rooms revenue divided by the total number of room nights available to guests for a given period. We consider RevPAR to be a meaningful indicator of our performance as it provides a metric correlated to two primary and key factors of operations at a hotel or group of hotels: occupancy and ADR. RevPAR is also a useful indicator in measuring performance over comparable periods.

#### ***Comparable Hotels Data***

We present certain data for our hotels on a comparable hotel basis as supplemental information for investors. We present comparable hotel results to help us and our investors evaluate the ongoing performance of our comparable hotels. Our comparable hotels data includes results from hotels that were active and operating in our portfolio since January 1st of the previous year and excludes results from property dispositions that have occurred through March 31, 2024 and the Hilton San Francisco Hotels, which were placed into receivership at the end of October 2023.

### **Non-GAAP Financial Measures**

We also evaluate the performance of our business through certain other financial measures that are not recognized under U.S. GAAP. Each of these non-GAAP financial measures should be considered by investors as supplemental measures to GAAP performance measures such as total revenues, operating profit and net income.

### ***EBITDA, Adjusted EBITDA and Hotel Adjusted EBITDA***

EBITDA, presented herein, reflects net income excluding depreciation and amortization, interest income, interest expense, income taxes and also interest expense, income tax and depreciation and amortization included in equity in earnings from investments in affiliates.

Adjusted EBITDA, presented herein, is calculated as EBITDA, further adjusted to exclude the following items that are not reflective of our ongoing operating performance or incurred in the normal course of business, and thus, excluded from management's analysis in making day-to-day operating decisions and evaluations of our operating performance against other companies within our industry:

- Gains or losses on sales of assets for both consolidated and unconsolidated investments;
- Costs associated with hotel acquisitions or dispositions expensed during the period;
- Severance expense;
- Share-based compensation expense;
- Impairment losses and casualty gains or losses; and
- Other items that we believe are not representative of our current or future operating performance.

Hotel Adjusted EBITDA measures hotel-level results before debt service, depreciation and corporate expenses for our consolidated hotels, which excludes hotels owned by unconsolidated affiliates, and is a key measure of our profitability. We present Hotel Adjusted EBITDA to help us and our investors evaluate the ongoing operating performance of our consolidated hotels.

EBITDA, Adjusted EBITDA and Hotel Adjusted EBITDA are not recognized terms under U.S. GAAP and should not be considered as alternatives to net income or other measures of financial performance or liquidity derived in accordance with U.S. GAAP. In addition, our definitions of EBITDA, Adjusted EBITDA and Hotel Adjusted EBITDA may not be comparable to similarly titled measures of other companies.

We believe that EBITDA, Adjusted EBITDA and Hotel Adjusted EBITDA provide useful information to investors about us and our financial condition and results of operations for the following reasons: (i) EBITDA, Adjusted EBITDA and Hotel Adjusted EBITDA are among the measures used by our management team to make day-to-day operating decisions and evaluate our operating performance between periods and between REITs by removing the effect of our capital structure (primarily interest expense) and asset base (primarily depreciation and amortization) from our operating results; and (ii) EBITDA, Adjusted EBITDA and Hotel Adjusted EBITDA are frequently used by securities analysts, investors and other interested parties as a common performance measure to compare results or estimate valuations across companies in our industry.

EBITDA, Adjusted EBITDA and Hotel Adjusted EBITDA have limitations as analytical tools and should not be considered either in isolation or as a substitute for net income or other methods of analyzing our operating performance and results as reported under U.S. GAAP. Some of these limitations are:

- EBITDA, Adjusted EBITDA and Hotel Adjusted EBITDA do not reflect our interest expense;
- EBITDA, Adjusted EBITDA and Hotel Adjusted EBITDA do not reflect our income tax expense;
- EBITDA, Adjusted EBITDA and Hotel Adjusted EBITDA do not reflect the effect on earnings or changes resulting from matters that we consider not to be indicative of our future operations; and
- other companies in our industry may calculate EBITDA, Adjusted EBITDA and Hotel Adjusted EBITDA differently, limiting their usefulness as comparative measures.

We do not use or present EBITDA, Adjusted EBITDA and Hotel Adjusted EBITDA as measures of our liquidity or cash flow. These measures have limitations as analytical tools and should not be considered either in isolation or as a substitute for cash flow or other methods of analyzing our cash flows and liquidity as reported under U.S. GAAP. Because of these limitations, EBITDA, Adjusted EBITDA and Hotel Adjusted EBITDA should not be considered as discretionary cash available to us to reinvest in the growth of our business or as measures of cash that will be available to us to meet our obligations. Some of these limitations are:

- EBITDA, Adjusted EBITDA and Hotel Adjusted EBITDA do not reflect changes in, or cash requirements for, our working capital needs;
- EBITDA, Adjusted EBITDA and Hotel Adjusted EBITDA do not reflect the cash requirements necessary to service interest or principal payments, on our indebtedness;
- EBITDA, Adjusted EBITDA and Hotel Adjusted EBITDA do not reflect the cash requirements to pay our taxes;
- EBITDA, Adjusted EBITDA and Hotel Adjusted EBITDA do not reflect historical cash expenditures or future requirements for capital expenditures or contractual commitments; and
- although depreciation and amortization are non-cash charges, the assets being depreciated and amortized will often have to be replaced in the future, and EBITDA, Adjusted EBITDA and Hotel Adjusted EBITDA do not reflect any cash requirements for such replacements.

The following table provides a reconciliation of Net income to Hotel Adjusted EBITDA:

***Nareit FFO attributable to stockholders and Adjusted FFO attributable to stockholders***

We present Nareit FFO attributable to stockholders and Nareit FFO per diluted share (defined as set forth below) as non-GAAP measures of our performance. We calculate funds from (used in) operations (“FFO”) attributable to stockholders for a given operating period in accordance with standards established by the National Association of Real Estate Investment Trusts (“Nareit”), as net income attributable to stockholders (calculated in accordance with U.S. GAAP), excluding depreciation and amortization, gains or losses on sales of assets, impairment, and the cumulative effect of changes in accounting principles, plus adjustments for unconsolidated joint ventures. Adjustments for unconsolidated joint ventures are calculated to reflect our pro rata share of the FFO of those entities on the same basis. As noted by Nareit in its

December 2018 “Nareit Funds from Operations White Paper – 2018 Restatement,” since real estate values historically have risen or fallen with market conditions, many industry investors have considered presentation of operating results for real estate companies that use historical cost accounting to be insufficient by themselves. For these reasons, Nareit adopted the FFO metric in order to promote an industry-wide measure of REIT operating performance. We believe Nareit FFO provides useful information to investors regarding our operating performance and can facilitate comparisons of operating performance between periods and between REITs. Our presentation may not be comparable to FFO reported by other REITs that do not define the terms in accordance with the current Nareit definition, or that interpret the current Nareit definition differently than we do. We calculate Nareit FFO per diluted share as our Nareit FFO divided by the number of fully diluted shares outstanding during a given operating period.

We also present Adjusted FFO attributable to stockholders and Adjusted FFO per diluted share when evaluating our performance because we believe that the exclusion of certain additional items described below provides useful supplemental information to investors regarding our ongoing operating performance. Management historically has made the adjustments detailed below in evaluating our performance and in our annual budget process. We believe that the presentation of Adjusted FFO provides useful supplemental information that is beneficial to an investor’s complete understanding of our operating performance. We adjust Nareit FFO attributable to stockholders for the following items, which may occur in any period, and refer to this measure as Adjusted FFO attributable to stockholders:

- Costs associated with hotel acquisitions or dispositions expensed during the period;
- Severance expense;
- Share-based compensation expense;
- Casualty gains or losses; and
- Other items that we believe are not representative of our current or future operating performance.

The following table provides a reconciliation of Net income attributable to stockholders to Nareit FFO attributable to stockholders and Adjusted FFO attributable to stockholders:

## Results of Operations

Property dispositions have had a significant effect on the year-over-year comparability of our operations as further illustrated in the table of Hotel Revenues and Operating Expenses below. Our non-comparable hotels consists of one hotel sold and one hotel returned to the lessor upon early termination of the ground lease during 2023. The results of operations of these hotels are included in our consolidated results only during our period of ownership. Additionally, our non-comparable hotels also consist of the two Hilton San Francisco Hotels, which are excluded from our consolidated results for the three months ended March 31, 2024, as a result of the hotels being placed into receivership in October 2023. Changes in our operating revenues and expenses from these non-comparable hotels are shown below.

### Hotel Revenues and Operating Expenses

### Market-Specific Conditions

The increases in hotel revenues and operating expenses for our comparable hotels during the three months ended March 31, 2024, as compared to the same period in 2023, were primarily attributable to our hotels in Orlando, New York, Key West, Hawaii and New Orleans markets. The Signia by Hilton Orlando Bonnet Creek benefited from an increase in group demand resulting in increases in occupancy and ADR of 5.4 percentage points and 8.3%, respectively, for the three

months ended March 31, 2024 compared to the same period in 2023. The New York Hilton Midtown benefited from increases in both group and transient demand resulting in increases in occupancy and ADR of 5.7 percentage points and 2.8%, respectively, for the three months ended March 31, 2024 compared to the same period in 2023. Combined occupancy and ADR at our Key West hotels increased 5.0 percentage points and 16.7%, respectively, for the three months ended March 31, 2024 compared to the same period in 2023 due to increases in group and transient demand primarily at the Casa Marina Key West, Curio Collection, which experienced increases in both occupancy and ADR of 6.1 percentage points and 24.4%, respectively, following a comprehensive renovation of the hotel that started in May 2023. Combined occupancy and ADR at our two Hawaii hotels increased 2.1 percentage points and 4.3%, respectively, for the three months ended March 31, 2024 compared to same period in 2023, driven by increases in group and transient demand primarily at the Hilton Hawaiian Village Waikiki Beach Resort, which experienced increases in both occupancy and ADR of 2.5 percentage points and 4.7%, respectively. Additionally, our Hawaii hotels benefited from a state unemployment tax refund of approximately \$4 million received during the three months ended March 31, 2024. The Hilton New Orleans Riverside benefited from an increase in group demand resulting in an increase of occupancy of 9.4 percentage points compared to the same period in 2023.

***Other revenue and Other operating expense***

During the three months ended March 31, 2024, *other revenue* increased by \$1 million and *other operating expense* increased by \$1 million due to an increase in business and related costs that are allocated to the Hilton Grand Vacations pursuant to service arrangements with certain of our hotels.

***Corporate general and administrative***

	Three Months Ended March 31,		
	2024	2023	Percent Change
	(in millions)		
General and administrative expenses	\$ 13	\$ 11	18.2 %
Share-based compensation expense	4	4	—
Other items	—	1	(100.0)
Total corporate general and administrative	<u>\$ 17</u>	<u>\$ 16</u>	6.3 %

***Impairment and casualty loss***

During the three months ended March 31, 2024, we recognized an impairment loss of approximately \$5 million related to one of our hotels and our inability to recover the carrying value of the asset. Refer to Note 7: "Fair Value Measurements" in our unaudited condensed consolidated financial statements included elsewhere within this Quarterly Report on Form 10-Q for additional information.

***Gain on sale of assets, net***

During the three months ended March 31, 2023, we recognized a net gain of \$15 million from the sale of one consolidated hotel.

***Gain on derecognition of assets***

During the three months ended March 31, 2024, we recognized a gain of \$14 million from the accrued interest expense associated with the default of the SF Mortgage Loan, which resulted in a corresponding increase of the *contract asset* in our condensed consolidated balance sheets, as we expect to be released from this obligation upon final resolution with the lender.

***Non-operating Income and Expenses***

***Interest income***

Interest income decreased \$5 million during the three months ended March 31, 2024 compared to the same period in 2023 primarily as a result of a decrease in average cash balances.

*Interest expense*

Interest expense associated with our debt for the three months ended March 31, 2024 and 2023 were as follows:

	Three Months Ended March 31,		
	2024	2023	Percent Change
	(in millions)		
HHV Mortgage Loan <sup>(1)</sup>	\$ 13	\$ 13	— %

<sup>(1)</sup> In October 2016, we entered into a \$1.275 billion CMBS loan secured by the Hilton Hawaiian Village Waikiki Beach Resort (“HHV Mortgage Loan”).

<sup>(2)</sup> In May and September 2020, Park Intermediate Holdings LLC (our “Operating Company”), PK Domestic Property LLC, an indirect subsidiary of the Company (“PK Domestic”), and PK Finance Co-Issuer Inc. (“PK Finance”) issued an aggregate of \$650 million of senior notes due 2025 (“2025 Senior Notes”) and an aggregate of \$725 million of senior notes due 2028 (“2028 Senior Notes”), respectively. Additionally, in May 2021, our Operating Company, PK Domestic and PK Finance issued an aggregate of \$750 million of senior notes due 2029 (“2029 Senior Notes”, collectively with the 2025 Senior Notes and 2028 Senior Notes, the “Senior Notes”).

*Interest expense associated with hotels in receivership*

Interest expense on the SF Mortgage Loan increased \$6 million due to accrued default interest beginning in June 2023 when we ceased making payments on the loan. The stated rate on the loan is 4.11%, however, beginning June 1, 2023, the default interest rate on the loan is 7.11%. Additionally, beginning June 1, 2023, the loan accrues a monthly late payment administrative fee of 3% of the monthly amount due.

**Liquidity and Capital Resources**

**Overview**

We seek to maintain sufficient amounts of liquidity with an appropriate balance of cash, debt and equity to provide financial flexibility. As of March 31, 2024, we had total cash and cash equivalents of \$378 million and \$32 million of restricted cash. Restricted cash primarily consists of cash restricted as to use by our debt agreements and reserves for capital expenditures in accordance with certain of our management agreements.

During the first quarter of 2024, we continued to experience improvements in overall demand across our portfolio and expect the improvement to continue through 2024 based on current demand trends, including an increase in city-wide events and from international travel. We continue to mitigate the effects of macroeconomic and inflationary pressures through active asset management.

With approximately \$950 million available under our Revolver and \$378 million in existing cash and cash equivalents, we have sufficient liquidity to pay our debt maturities and to fund other liquidity obligations over the next 12 months and beyond. Excluding the SF Mortgage Loan for which we ceased to make debt service payments in June 2023 and is in default, we have no significant maturities until June 2025. Refer to Note 6: “Debt” in our unaudited condensed consolidated financial statements included elsewhere within this Quarterly Report on Form 10-Q for additional information. We may also take actions to improve our liquidity, such as the issuance of additional debt, equity or equity-linked securities, if we determine that doing so would be beneficial to us. However, there can be no assurance as to the timing of any such issuance, which may be in the near term, or that any such additional financing will be completed on favorable terms, or at all.

Our known short-term liquidity requirements primarily consist of funds necessary to pay for operating expenses and other expenditures, including reimbursements to our hotel manager for payroll and related benefits, costs associated with the operation of our hotels, interest and contractually due principal payments on our outstanding indebtedness, capital expenditures for in-progress renovations and maintenance at our hotels, corporate general and administrative expenses and dividends to our stockholders. In February 2024, we declared a first quarter dividend of \$0.25 per share that was paid on April 15, 2024 to stockholders of record as of March 29, 2024. In addition, we declared a second quarter dividend of \$0.25 per share in April 2024 to be paid on July 15, 2024 to stockholders of record as of June 28, 2024. Many of the other expenses associated with our hotels are relatively fixed, including portions of rent expense, property taxes and insurance. Since we generally are unable to decrease these costs significantly or rapidly when demand for our hotels decreases, the resulting decline in our revenues can have a greater adverse effect on our net cash flow, margins and profits. Our long-term liquidity requirements primarily consist of funds necessary to pay for scheduled debt maturities, capital improvements at our hotels, and costs associated with potential acquisitions.

Our commitments to fund capital expenditures for renovations and maintenance at our hotels will be funded by cash and cash equivalents, restricted cash to the extent permitted by our lending agreements and cash flow from operations. We have construction contract commitments of approximately \$91 million for capital expenditures at our properties. Our contracts contain clauses that allow us to cancel all or some portion of the work. Additionally, we have established reserves for capital expenditures (“FF&E reserve”) in accordance with our management and certain debt agreements. Generally, these agreements require that we fund 4% of hotel revenues into an FF&E reserve, unless such amounts have been incurred.

Our cash management objectives continue to be to maintain the availability of liquidity, minimize operational costs, make debt payments and fund our capital expenditure programs and future acquisitions. Further, we have an investment policy that is focused on the preservation of capital and maximizing the return on new and existing investments.

***Stock Repurchase Program***

In February 2023, our Board of Directors authorized and approved a stock repurchase program allowing us to repurchase up to \$300 million of our common stock over a two-year period ending in February 2025, subject to any applicable limitations or restrictions set forth in our credit facility and indentures related to our Senior Notes. Stock repurchases may be made through open market purchases, including through Rule 10b5-1 trading programs, in privately negotiated transactions, or in such other manner that would comply with applicable securities laws. The timing of any future stock repurchases and the number of shares to be repurchased will depend upon prevailing market conditions and other factors, and we may suspend the repurchase program at any time. As of March 31, 2024, \$150 million remained available for stock repurchases.

***Sources and Uses of Our Cash and Cash Equivalents***

The following tables summarize our net cash flows and key metrics related to our liquidity:

	<b>Three Months Ended March 31,</b>		
	<b>2024</b>	<b>2023</b>	<b>Percent Change</b>
	<b>(in millions)</b>		
Net cash provided by operating activities	\$ 92	\$ 104	(11.5)%
Net cash (used in) provided by investing activities	(70)	49	242.9
Net cash used in financing activities	(362)	(217)	66.8

***Operating Activities***

Cash flow used in operating activities are primarily generated from the operating income generated at our hotels. The \$12 million decrease in net cash provided by operating activities for the three months ended March 31, 2024 compared to the three months ended March 31, 2023 was primarily due to a decrease in interest received of \$4 million due to a decrease in average cash balances and timing of receipts from our customers and payments to our vendors and other third parties.

### *Investing Activities*

The \$70 million in net cash used in investing activities for the three months ended March 31, 2024 was attributable to \$70 million in capital expenditures.

The \$49 million in net cash provided by investing activities for the three months ended March 31, 2023 was primarily attributable to \$116 million of net proceeds from the sale of one of our hotels partially offset by \$65 million in capital expenditures and land acquisitions.

### *Financing Activities*

The \$362 million in net cash used in financing activities for the three months ended March 31, 2024 was primarily attributable to \$355 million of dividends paid.

The \$217 million in net cash used in financing activities for the three months ended March 31, 2023 was primarily attributable to the repurchase of approximately 8.8 million shares of our common stock for approximately \$105 million, \$56 million of dividends paid and \$52 million of debt repayments.

### *Dividends*

As a REIT, we are required to distribute at least 90% of our REIT taxable income, determined without regard to the deduction for dividends paid and excluding net capital gains, to our stockholders on an annual basis. Therefore, as a general matter, we intend to make distributions of all, or substantially all, of our REIT taxable income (including net capital gains) to our stockholders, and, as a result, we will generally not be required to pay tax on our income. Consequently, it is unlikely that we will be able to retain substantial cash balances that could be used to meet our liquidity needs from our annual taxable income. Instead, we will need to meet these needs from external sources of capital and amounts, if any, by which our cash flow generated from operations exceeds taxable income.

We declared the following dividends to holders of our common stock during 2024:

<b>Record Date</b>	<b>Payment Date</b>	<b>Dividend per Share</b>	
March 29, 2024	April 15, 2024	\$	0.25
June 28, 2024	July 15, 2024	\$	0.25

### *Debt*

As of March 31, 2024, our total indebtedness was approximately \$3.8 billion, including approximately \$2.1 billion of our Senior Notes, and excluding both the \$725 million SF Mortgage Loan on which we ceased making debt service payments in June 2023 and approximately \$164 million of our share of debt from investments in affiliates. Substantially all the debt of such unconsolidated affiliates is secured solely by the affiliates' assets or is guaranteed by other partners without recourse to us. Refer to Note 6: "Debt" in our unaudited condensed consolidated financial statements included elsewhere within this Quarterly Report on Form 10-Q for additional information.

### **Critical Accounting Estimates**

The preparation of our financial statements in accordance with U.S. GAAP requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities as of the date of our financial statements, the reported amounts of revenues and expenses during the reporting periods and the related disclosures in our unaudited condensed consolidated financial statements and accompanying footnotes. We have discussed those estimates that we believe are critical and require the use of complex judgment in their application in our Annual Report on Form 10-K for the year ended December 31, 2023, filed with the Securities and Exchange Commission on February 28, 2024. There have been no material changes to our critical accounting policies or the methods or assumptions we apply.

### **Item 3. Quantitative and Qualitative Disclosures About Market Risk.**

We are exposed to market risk primarily from changes in interest rates, which may affect our future income, cash flows and fair value, depending on changes to interest rates. In certain situations, we may seek to reduce cash flow volatility associated with changes in interest rates by entering into financial arrangements intended to provide a hedge against a portion of the risks associated with such volatility.

### **Item 4. Controls and Procedures.**

#### *Evaluation of Disclosure Controls and Procedures*

Our management has evaluated, under the supervision and with the participation of the Company's Chief Executive Officer and Chief Financial Officer, the effectiveness of the disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended, (the "Exchange Act")), as required by paragraph (b) of Rules 13a-15 and 15d-15 of the Exchange Act. Based on this evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that as of March 31, 2024, our disclosure controls and procedures were effective to ensure that information we are required to disclose in reports filed or submitted with the Securities and Exchange Commission (i) is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms and (ii) is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding disclosure.

#### *Changes in Internal Control over Financial Reporting*

There were no changes in our internal control over financial reporting during our most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

**PART II. OTHER INFORMATION**

**Item 1. Legal Proceedings.**

We are involved in various claims and lawsuits arising in the ordinary course of business, some of which include claims for substantial sums, including proceedings involving tort and other general liability claims, employee claims and consumer protection claims. Most occurrences involving liability, claims of negligence and employees are covered by insurance with solvent insurance carriers. For those matters not covered by insurance, which include commercial matters, we recognize a liability when we believe the loss is probable and can be reasonably estimated. The ultimate results of claims and litigation cannot be predicted with certainty. We believe we have adequate reserves against such matters. We currently believe that the ultimate outcome of such lawsuits and proceedings will not, individually or in the aggregate, have a material adverse effect on our consolidated financial position, results of operations or liquidity. However, depending on the amount and timing, an unfavorable resolution of some or all of these matters could materially affect our future results of operations in a particular period.

**Item 1A. Risk Factors.**

There have been no material changes from the risk factors previously disclosed in response to “[Part I – Item 1A. Risk Factors](#)” of our Annual Report on Form 10-K for the year ended December 31, 2023.

**Item 2. Unregistered Sales of Equity Securities and Use of Proceeds**

**2(a): Unregistered Sales of Equity Securities and Use of Proceeds**

None.

**2(b): Use of Proceeds from Registered Securities**

None.

**2(c): Purchases of Equity Securities**

During the three months ended March 31, 2024, repurchases made pursuant to our stock repurchase program were as follows:

Period	Total number of shares purchased <sup>(1)</sup>	Weighted average price paid per share <sup>(2)</sup>	Total number of shares purchased as part of publicly announced plans or programs	Maximum number (or approximate dollar value) of common shares that may yet be purchased under the plans or programs (in millions) <sup>(3)</sup>
January 1, 2024 through January 31, 2024	—	\$ —	—	\$ 150
February 1, 2024 through February 29, 2024	162,539	\$ 15.39	—	\$ 150
March 1, 2024 through March 31, 2024	—	\$ —	—	\$ 150
Total	<u>162,539</u>		<u>—</u>	

<sup>(1)</sup> The number of shares purchased represents shares of common stock surrendered by certain of our employees to satisfy their federal and state tax obligations associated with the vesting of restricted common stock.

<sup>(2)</sup> The weighted average price paid per share for shares of common stock surrendered by certain employees is based on the closing price of our common stock on the trading date immediately prior to the date of delivery of the shares.

<sup>(3)</sup> On February 17, 2023, our Board of Directors authorized and approved a \$300 million stock repurchase program, which expires on February 21, 2025.

**Item 3. Defaults Upon Senior Securities.**

In June 2023, we ceased making debt service payments toward the SF Mortgage Loan, and we have received a notice of default from the servicer. As of May 1, 2024, the total arrearage related to the SF Mortgage Loan, including interest and fees was \$54 million, of which \$24 million is default interest. In October 2023, the trustee for the SF Mortgage Loan filed a lawsuit against the borrowers under the SF Mortgage Loan. In connection with the lawsuit, the court has appointed a receiver to take control of the Hilton San Francisco Hotels, which serve as security for the SF Mortgage Loan, and their operations, and thus, we have no further economic interest in the operations of the hotels. The receiver will operate and has authority over the hotels and, until no later than November 1, 2024, has the ability to sell the hotels. The lawsuit contemplates the receivership will end with a non-judicial foreclosure by December 2, 2024, if the hotels are not sold within the predetermined sale period.

**Item 4. Mine Safety Disclosures.**

Not applicable.

**Item 5. Other Information.**

None.
